

Bug-report				
ID	BR01	BR02	BR03	BR04
Summary	Ukrainian text remains untranslated in the bottom left corner of the footer when switched to russian.	Orange color phone appears in filtered results when "Pink" color is selected in "Smartphone" category.	Phone number partially hidden under white space during window resizing at breakpoint 991px to 767px.	Promo label remains in Ukrainian for one product on the "Flashlights" category page after switching language to russian.
Pre-conditions	Open the website exe.ua	Open the website exe.ua	Open the website exe.ua	Open the website exe.ua
Steps	1. Switch the website language to russian. 2. Scroll to the bottom of the page. 3. Observe the text in the bottom left corner of the footer.	User is on the product listing page under the "Smartphone" category. 1. In the color filter section on the left, select the "pink" color filter. 2. Wait for the product list to update. 3. Check the color of the displayed phones.	User is on the homepage. 1. Resize the window to a width between 991px and 767px. 2. Observe the phone number under the top menu.	User is on the product listing page under the "Flashlights" category. 1. Switch website language to russian. 2. Navigate to the "Flashlights" category. 3. Observe the red promo labels ("ЧІЛЛІ ЛІПАШІВОНКА В КОЖУРКУ") on the product cards.
Expected result	The text should be translated into russian after switching website language to russian.	Only phones with the pink color should be displayed in the filtered results.	The phone number should remain fully visible during window resizing.	The product labels should be translated to russian after switching the website language to russian.
Actual result	Ukrainian text remains untranslated after switching the website language to russian.	One orange phone appears in the filtered list together with pink ones.	The phone number becomes partially hidden under the white space area during resizing.	One product (code: 653680) displays the promo label in Ukrainian, while others are translated to russian.
Post-conditions	The site remains in russian language mode, but the footer displays one untranslated message in Ukrainian.	The "pink" filter remains active, and the orange phone is still shown among the results.	The phone number is still partially hidden when the window is resized to smaller breakpoints.	The untranslated promo label remains visible on the product (code: 653680), but the others display properly.
